BREAKING NEW GROUND
ONTO NEW HORIZONS

LERROS COLLECTION
SPRING SUMMER 2022

„DON'T LOOK BACK. YOU'RE NOT GOING THAT WAY."

A time of uncertainty and heteronomy lies behind us. Our view of the future has changed: We long for carefreeness, relaxation and a sense of purpose. Leaving the pandemic behind, we draw courage from the collective experience of the past months and enter new territory. A spirit of optimism is spreading.

New opportunities are opening up: entrenched thought patterns are being broken down and our actions are being questioned anew; opportunities to shape the future freely according to our wishes and, above all, in a self-determined way.

Untouched fields and meadows symbolise the new feeling of freedom. The vastness of the horizon is emblematic of openness and optimism.

STRONG *IN* COLOURS

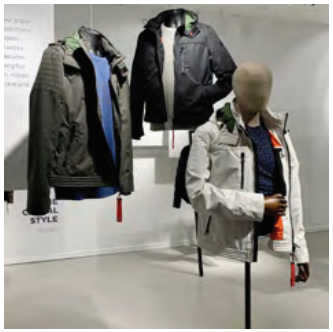
LERROS stands for energetic colours. The palette for S/S 2022 features optimistic shades like **lime green, soft yellow, blue water** and **papaya.** Saturated colours like **mulberry red** and **storm blue** give the colour card the necessary support. While **sandy beige** and **taupe** reflect relaxed closeness to nature, **navy** and **offwhite** form a solid base.

Embedded in these tones is the accent colour **hot pepper,** which forms the centre of the colour palette and which runs through the entire collection in the details.

STRONG *IN* OUTERWEAR

Proven themes such as lightweight functional jackets are continued. Light padded nylon in quilted and bonded versions are complemented by hybrid styles in combination with soft shell.

Light cotton qualities for casual styles in garment wash look. Natural crease nylon and elaborate and detailed interiors.



For the upcoming S/S season, LERROS presents a newly developed, wide range of trousers and denims that will form an important pillar of the collection in the future.

In addition to sporty chino and cargo styles in masculine garment wash and pigment dye looks, casual joggpants with elastic cuffs complement the range.

An extensive range of denims in 4 different fits and cool washes in Comfort Stretch & Hyper Stretch completes the relaxed looks. An **Easy Colour Guide** guides you through the different fits.
